Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Lancaster Fire Station Renovation project in fiscal year 2024. The entity to receive funding for this project is the City of Lancaster, located at 206 S. Madison St., Lancaster, WI 53813. The funding would be used make critical structural, mechanical, and electrical upgrades to the fire station, as well as remodel and repurpose areas of the existing building, including EMS quarters, administrative/office space, a training room, storage space, an elevator to meet ADA compliance, and other critical updates to the facility. The project is an appropriate use of taxpayer funds because it will provide these fire and EMS responders with a facility that will serve their needs for the next 25-30 years of operation.

The project has a federal nexus because the funding provided is for purposes authorized Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink that reads "D. Van Orden".
